| i think the thing that helped me the best was that every once in a while he would change the subject to take a little break and then continue teaching the material. another thing that helped what that he went over what parts of the material we need to study for the exams and stressed the important things to remember. |
| The web page for the course had a lot of usefull information. the course also helped me better understand how to make and use graphs. |
| This class has been very interesting and the teacher has done a very good job of getting his point across and explained things well. |
| |
| |
| Thank you for taught all of those useful concepts of microeconomics, Very very thank you again! |
| i do not have any suggestion for this curse. |
| Great Class |
| |
| |
| all |
| a more competitive enviroment the students in the class need to step up and participate. also it will be much easier if students are paired into study groups with individual from different backgrounds for example a group should have 1chinesse, 1 mongolian. 1 african, 1 american, 1 nepali |
| Well, no word for our instructor fernando. He is my best professor here in DSU.His way of teaching is unique and different from other instructors.His way of giving bonus points encourage students to study the chapter earlier.I think he is the most precious thing that DSU have and i am planning to take my next course principle of macro-economics with him next semester. |
| Fernando rocks |
| since i am from business major and my aim to be a great economist this course is best and important to me. Besides, the teaching techniques and his bonus schemes enables student to refer books all the times. His guidance definatly makes a student of normal intelligence into a fine product. I am highly impressed by the teaching style of Mr. Fernando and i wish him best of luck in his year ahead. If anyone is interested to take economics they should definatly choose fernando as their instructor since his experience and teaching techniques allows every student to appreciate his teachings. |
| i am very much influenced by the professor way of teaching.the class is very interesting and i really love his class very much.the course is very important and no suggestion for improvement as professor is excellent. |
| AS PER MY CONCERN I M VERY GLAD TO BE IN THIS CLASS.AS OUR INSTRUCTOR IS ALSO VERY UNDERSTANDING ANI HE TEACHES US VERY NICELY THAT EVERYONE CAN UNDERSTAND.HE ALWAYS WANTS HIS STUDENT TO B LOYAL IN CLASS. THE SUGGESTION WHICH I WANT TO GIVE HIM IS TO BE LIKE THIS ALWAYS. |

| more student participation and exersizes in class |

Strong accent is very hard for international student.
I hope the instructor can speak a little bit slower.

The subject is very interesting and i've found out a lot of interesting things. And i don't think there is anything to change for improving the subject. Besides, the instructor is great! He definitely knows how to make study interesting, not boring. I've really enjoyed Mr. Quijano's teaching and I hope I will take more of his classes next semester.

I thought this was a very good class. The course was much different than in class I had taken in highschool, however once I was able to understand how to prepare the class was much easier. I really enjoyed this class
