Comments
I enjoyed the instructor, and he really knows his material. I like the take home tests because I learn from them instead of getting it wrong. I think it helps because you have to find the answer which helps put it in your brain. Nice job.
This is the third class I have taken from Dr. Quijano. I have always enjoyed his classes and have come to realize that economics can be applied to many different areas in our society. A lot is expected for this course, which I think pushes the students to do their best. Dr. Quijano has probably been my favorite professor at DSU.
This class was wonderful, and the instructor's teaching strategy was excellent.
I just love this class and love the teacher. Like I told DSU last year, they would be really losing a valuable part of this university if they lost this teacher. EXCELLENT, EXCELLENT + ECONOMICS = EXCELENCE
Excellent!

Good Constructor!
